# PROFESSIONAL EXPERIENCE

## Front End Web Developer

- Developed many responsive websites using HTML5, CSS3, SASS, SCSS, and Bootstrap Grid System.
- I have created Form Validation with the help of Javascript on different websites.
- I have created Owl Carousel on different websites and have also customized it on a requirement basis.
- I have created an image gallery using the CSS Grid System.
- Added functionality to websites using JavaScript and jQuery to enrich the user experience.
- Experience with the version control system, Github.
- I have applied CSS Animations like Zooming images on hover Increasing the size and changing the background color of the Button on hover and click.
- I have created Complex navigation that can work seamlessly in desktop and mobile responsive websites and can be turned on and off using the toggle button.
- I have also made a fixed navigation bar with the help of JavaScript As whenever the user scrolls, the Navbar gets fixed at the top of the website, and the Navbar CSS changes while scrolling.
- I Helped many students in their web development journey by solving their problems & doubts.
- Written clean code with proper indentation and commenting for better performance and readability.
- Onclick animation with the help of CSS & Javascript.
- I can also customize the bootstrap carousel and navigation bar on the requirement basis.
