

RAJNISH KUMAR

FRONT END WEB DEVELOPER

rajnishkr978@gmail.com | 6207147055

CAREER OBJECTIVE

- To be a part of a growth oriented organization, and utilize the best of my knowledge and skills in contributing to the success of the organization.

SKILLS

- HTML5 | CSS3 | BOOTSTRAP5 | JAVASCRIPT | JQUERY | SASS | REACTJS

CAREER HISTORY

Cosmo Solutions Pvt. Ltd.

March/2024 - Present

UI/UX Developer

- Designed and developed responsive, mobile-first websites using HTML5, CSS3, Sass, and Bootstrap 5, delivering cross-browser compatibility and clean, modern UI designs.
- Created complex and flexible layouts using CSS Flexbox and CSS Grid, and implemented smooth animations and transitions with CSS3 keyframes to elevate user experience.
- Developed dynamic and interactive front-end features using vanilla JavaScript and jQuery, with a strong focus on DOM manipulation, event handling, and form validation.
- Wrote scalable, maintainable, and well-structured stylesheets using Sass, utilizing variables, mixins, nesting, and modular architecture for better code management.
- Demonstrated expertise in CSS positioning techniques to achieve pixel-perfect UI designs and precise element placement across various screen sizes.

PROFESSIONAL EXPERIENCE

- Developed responsive and user-friendly websites using HTML5, CSS3, Bootstrap 5, and Sass, ensuring clean design and compatibility across all devices and browsers.
- Created flexible and structured page layouts using CSS Flexbox and CSS Grid, following modern UI/UX design principles.
- Implemented smooth animations and visual effects using CSS3 transitions and transform, enhancing user engagement.
- Built interactive features with JavaScript, working with variables, data types, operators, if-else statements, and arrays to handle logic and functionality.
- Performed DOM manipulation to dynamically update content, handle user events, and build real-time user interfaces.
- Used JavaScript asynchronous programming techniques like Promises and Async/Await to fetch data from APIs and handle responses efficiently.
- Developed single-page applications using React, with knowledge of JSX, props, state, and hooks like useState and useEffect for component behavior.
- Implemented React Router for building multi-page navigation in web apps, allowing smooth transitions between views without page reloads.

EDUCATION

- 10th Jharkhand board - (2018)
- 12th Jharkhand board - (2020)
- BCA Aryabhatta Knowledge University - (2021 - 2024)
- I have completed a diploma in Front End Web Development from Mr. Rajdeep Dhakad from code easy academy.
